阻绝水的损害和霉菌侵袭

The advertisement features a kitchen sink with a chrome faucet. A red dotted line traces the perimeter of the sink, highlighting the areas where sealant is applied. A splash of water is shown with several green, spiky mold-like organisms and yellow, smiling faces, representing water damage and mold. To the right, a tube of Wacker DA silicone sealant is displayed. The tube is white with green and yellow accents. The text on the tube includes 'DA DURABLE ANTI-FUNGI SILICONE SEALANT', '强效防霉醇型中性硅酮密封胶', 'WACKER 瓦克化学', 'GERMAN TECHNOLOGY 德国技术 瓦克出品', and 'A+'. The Wacker logo is prominently displayed at the bottom center of the image.

WACKER

德国品牌 精工品质

104年精研有机硅，从原料品质保障产品的使用安全

104 years of intensive silicone research
ensuring the safety of products from the quality of raw materials.

防霉抑菌效果通过国内防霉测试标准“0级防霉”
且达到12倍的防霉标准
